

## SORBOTHANE® IS THE DIFFERENCE

Sorbothane® is recognized worldwide as the ultimate material for absorbing harmful impact and provides cushion to relieve stress to joints while

exercising. Plus Sorbothane® stays stable and exhibits near faultless memory. No other material can compare. Sorbothane® is a viscoelastic solid that "flows" like a liquid under pressure.

## PROTECT JOINTS

Flexible and lightweight **SORBO-EASE** Pads support and cushion the body - knees, elbows, feet, hands and wrists. Helping to protect against harmful pressure, shock and impact.

## MAXIMIZE COMFORT

Sorbothane® absorbs up to 94.7% of impact stress, delivering - stability, comfort and pain relief.

## MAINTAIN YOUR WORKOUT ROUTINE

**SORBO-EASE** Yoga & Workout comfort Pads - provide pure comfort, and help reduce the risk of impact stress related injury. So you can concentrate on your workout routine. Sorbothane® is the material that absorbs shock and returns comfort - allowing you to strive and grow!

*Consult a medical provider with any injury concern and before starting any workout program.*

Clean your **SORBO-EASE** Comfort Pads with warm water and mild soap. Please do not soak. Allow air-drying in mesh carry and storage bag provided.

**USER GUIDE**

Sorbothane® **SORBO-EASE** Comfort Pads brace the hand and wrist while assisting in supporting the body's weight. The design of the **SORBO-EASE** allows for individualized placement leading to a personalized support and comfort system.

## HAND + WRIST SUPPORT AND CUSHION

## KNEE COMFORT

**SORBO-EASE** Comfort Pads have a cupped center that helps to support the knee. They offer immediate cushioning and help reduce the pain associated with arthritis and over use. Sorbothane® absorbs harmful impact and works to help protect against related pain.

## FOOT, ANKLE + BODY STABILITY, PROTECTION & COMFORT

Standing Yoga poses and workout stances can create a unique set of challenges. **SORBO-EASE** Pads are designed to help support the foot and stabilize the body. Sorbothane® can absorb the impact protecting the entire body from pain and related problems

100% UNIQUE SORBOTHANE®  
COMFORTS AND PROTECTS

Sorbothane® dramatically moves harmful shock waves away from the point of impact.

## ENJOY YOUR WORKOUT

Sorbothane® **SORBO-EASE** Yoga & Workout Comfort Pads provide solid support and cushioning comfort. Creating a supportive and confidence building workout system.

Place **SORBO-EASE** Pads under your hands, wrists, knees or elbows and enjoy!
